Mapping Sexual Violence in Syria
A map depicting reported incidences of rape is being circulated as part of a crowd sourced initiative by Women Under Seige.
Improving Access to Family Planning Can Promote Food Security in a Changing Climate

Measure Evaluation, 2012: New research in Ethiopia demonstrates that slower population growth, achievable by addressing women’s existing needs for family planning, can also play a significant role in promoting future food security in a climate-altered world.

Kudos

Andrea Powell quoted in the New York Times
Executive Director of Fair Girls, in DC, was quoted in a recent NY Times article.

“Burma’s women are paving the road to freedom via @FP_Magazine.” Read here - @AlyseNelson
